International Association of Machinists and Aerospace Workers

Arthur P. Maratea
National President

July 22, 2024

Brothers and Sisters:

President Joe Biden has been the most pro-labor President in this country's history. His presidency and accomplishments have made the lives of working people, especially our members, significantly better.

His investments into our nation's infrastructure and Amtrak have enabled a renaissance in transportation. We are grateful for President Biden's public service in which he has championed working people.

We look forward to supporting the Democratic nominee to build on his legacy and working with them to continue enacting meaningful change to improve the lives of railroaders and working people around the country.

In solidarity,

Arthur P. Maratea
National President
